We are leading used car export, domestic used car sale, used car part sale in Osaka in Japan. Now, it is putting an effort into the used car export most. We had the support of the customer in all the countries crowd of the foreign countries and it got excellent results steady. The sincere international transaction, we are managing a company, thinking of being always trusted from the customer in the foreign countries to the primacy. It thinks that it is possible to make the relationship that the end is long to be the customer of the all the countries. Having us be made to export a used car in Japan to New Zealand, Australia, Malaysia, the Asian countries, the United Kingdom, Cyprus, the United Arab Emirates, Russia, Africa, South America, the all the countries. All of the staff, we are waiting for contact from the exporter, the individual of the all the countries.
